EXPERIENCE

Social Media Marketing Specialist
20XX-20YY
UI/UX Designer & Frontend Developer (React.js)
Jan 2023 – Present
Spearheaded the frontend development and UI/UX design of SwiftCap Loan CRM and Bank Statement Analysis tools using React.js and Vite. Built reusable, modular React components, improving UI performance and rendering speed by 30%. Designed interactive dashboard interfaces focused on lead tracking, loan disbursement analytics, and automated logic flows. Integrated REST APIs with smooth error-handling mechanisms for real-time financial data fetching.

Freelance UI/UX Designer & Web Developer
2021 – 2023
Conceptualized and built Ladgikart, a responsive e-commerce platform, ensuring pixel-perfect conversion from Figma design to live code. Developed and deployed 10+ custom client web projects on GitHub, focusing on mobile-first responsiveness, performance, and clean code structure.
